- From finding Best Raw material & making it a fine product we keep an Extra eye to Minimize defects.
- Sticking to the Standard set by the Community.
- Maximizing the output by constantly improving Processes.
- Effective communication between the teams for achieving the project success.

Vision

We envision to outreach every human life with high quality products & expanding our footprints globally.

Mission

To revolutionize the idea of Conventional Electrical Products and Enriching every Residential, Commercial & Industrial Needs.

From the Desk of **Founding Partners**

At Amphi Plasto Pvt. Ltd., we believe that success comes from a relentless focus on shared vision, innovation and execution. As a manufacturer and supplier of Electrical Products segment, we have thrived from the wealth of experience and knowledge gathered over almost 8 years of excellence. Amphi Plasto began in 2016 and rapidly evolved to diversify product of the segment business over a journey spanning over the years. Our diversity and entrepreneurial spirit are at the heart of this success. We have led to sustained growth over the years and also enabled us to make inroads into
India and Nepal.

Our commitment towards customer satisfaction is translated into our Quality Products and we endeavor to achieve the best Quality by putting in place a Quality Management system which is in strict compliance to national and International Standards of ISO 9001:2015, and Bureau of Indian Standards (BIS).

Amphi Plasto harnesses all of the above to create a synergy that will ultimately lead to a better world, technologically and ecologically, for future generations.
